XVII International Congress
ON NUTRITION AND METABOLISM
IN RENAL DISEASE 2014
May 6-10, 2014
WÜRZBURG/GERMANY

Preliminary Program
Welcome message

With great pleasure we invite you back to beautiful Würzburg where the first meeting was held in 1977. We invite you to join us in May 2014 for the 17th meeting of our Society.

The Congress is dedicated to disseminating the latest scientific advances in the field of renal nutrition and metabolism as they relate to patients with kidney diseases including chronic kidney disease (CKD) and acute kidney injury (AKI). Both the Scientific and Program Committees have made significant efforts to assemble an outstanding scientific and clinical program which includes scientific sessions, satellite symposia and free communication sessions. Particular emphasis is placed on free standing poster sessions. Our pre-congress events on Monday and Tuesday include educational courses for renal dietitians and the inaugural TNT Renal Course. Overall, there will be over 50 scientific lectures that will be delivered by highly accomplished experts. The 17th ICRNM represents an unparalleled opportunity to communicate relevant clinical and scientific information amongst a highly devoted group of individuals dedicated in the care of patients with kidney disease.

We are glad you are participating and glad to be your host in this outstanding event.

With warm regards,
Christoph Wanner, MD
Professor of Medicine
Congress and ISRN President

Christiane Drechsler MD, PhD
Congress Secretary
17th ICRNM

### Organization XVII International Congress on Nutrition and metabolism in renal disease

**Congress President**  
Christoph Wanner, Germany

**Past Congress President**  
Kamyar Kalantar-Zadeh, USA

**ISRNM Council**  
Christoph Wanner, Germany (President)  
Harold Franch, USA (Past President)  
Kamyar Kalantar-Zadeh, USA (President-Elect)  
Peter Ter Wee, The Netherlands (Secretary)  
Angela Y. Wang, HK  
Kirsten Johansen, USA  
Csaba Kovesdy, USA  
Daniel Tita, Switzerland  
Juan J. Carrero, Sweden

**Associate Council Members**  
Tilakavati Karupaiah, Malaysia  
Kirsten Johansen, Australia

**Ex-Officio Members**  
Joel Kopple, USA  
Shaul Masry, USA

**International Scientific Committee**  
Members of the Council  
Alp Ikizler, USA  
Denis Fouque, France  
Raymond Hakim, TN  
Kunitoshi Iseki, Japan  
Tilakavati Karupaiah, Malaysia  
Karen Manley, Australia  
Maria Chan, Australia  
Christa Nagel, The Netherlands  
Carla Avesani, Brazil  
Marianne Vennegoor, UK  
Vladimir Teplan, Czech Republic

**National Organising Committee**  
Christiane Drechsler  
Romain Feidler  
Martin K. Kuhlmann  
Jürgen Floege  
Martin K. Kuhlmann  
Tina Kilates, USA  
Lilian Cupari, Brazil  
Maria Chan, Australia  
Yoshiki Nishizawa, Japan  
Nathan Levin, USA  
Ralph Rabkin, USA  
Philipe Chauveau, France  
Carla Avesani, Brazil  
Jonathan Himmelfarb, USA  
Noel Cano, France  
Vladimir Teplan, Czech Republic

**List of Faculty**  
Geoffrey A. Block, USA  
Enrico Fiaccadori, Italy  
Orlando Gutierrez, USA  
David Warnock, USA  
Bert Kasinske, USA  
Joachim Ix, USA  
Kitty Jager, The Netherlands  
Nick Vaziri, USA  
Shoji Tetsuo, Japan  
Giovanni Strippoli, Italy  
Ravi Thadhani, MA  
Roberto Pecotz-Filho, Brazil  
Olov Heimburger, Sweden  
Alejandro Treviño-Becerra, Mexico

### ISRNM Presidents & Councilors Emeriti  
August Heidland, Germany  
Vittoria Bonomini, Italy  
Joel Kopple, USA  
Shaul Masry, USA  
Walter Hörl †, Austria  
William Mitch, USA  
George Kayser, USA  
Denis Fouque, France  
Gianfranco Guarnieri, Italy  
Alp Ikizler, USA  
Mackenzie Waler, USA  
Henri Jahn, USA  
Carmelo Giordano, Italy  
Jonas Bergstrom, Sweden  
John Wall, UK  
Saulo Klare, USA  
Giuseppe D’Amico, Italy  
Marsha Wolfson, USA  
Ralph Rabkin, USA  
Tim Goodship, USA  
Marianne Vennegoor, UK  
Natale de Santo, Italy  
Mary Kay Hensley, USA  
Sudhir Shah, USA  
Boleslav Rutkowski, Poland  
Toshihito Niwa, Japan  
William Keane, USA  
Tina Kilates, USA  
Lilian Cupari, Brazil  
Maria Chan, Australia  
Yoshiki Nishizawa, Japan  
Per Arosenius, USA  
Francis Dumler, USA  
Philippe Chauveau, France  
Carla Avesani, Brazil  
Jonathan Himmelfarb, USA  
Noel Cano, France  
Vladimir Teplan, Czech Republic

### Host city information  
**The Unique Würzburg Flair**

Why is Würzburg so popular? Many people come for visit Würzburg again and again, not because of the location alongside the Main River and the ease of getting there. No, it has everything to do with the unique atmosphere that simply makes you feel good. It’s a special mix of culture and ambiance, of world of heritage and wine festivals, of modern and classical music, of avant-garde and age-old traditions, of sciences and party atmosphere that makes this town so popular. The stunning historical architecture provides the perfect setting for everything Würzburg has to offer.

### Programme

- **Welcome & Course Overview & Rationale**
- **TNT Course – Day 1**
- **Lecture 1: Physiology and Metabolism**
- **Lecture 2: Etiology of PEW in CKD**
- **Lecture 3: Nutritional Screening and Assessment**
- **Break**
- **Lecture 4: Epidemiology & Consequences of PEW**
- **Lecture 5: Nutritional considerations in non-dialysis CKD patients**
- **Lecture 6: Nutrient and Fluid Requirements of CKD patients and Rationale for Medical Nutrition Therapy**
- **Break**
- **Room Neumann**

Moderation: N. N.
Program Tuesday May 6 2014

14:15 – 16:15  Case Studies: Part 1 - Screening and Assessment of Nutritional Status

14:15 – 14:45  Case Study 1: Non-dialyzed Stage 3-5 CKD (Room Neumann)

14:45 – 15:15  Case Study 2: HD (Room Auvera)

15:15 – 15:45  Case Study 3: PD (Room Bossi)

15:45 – 16:15  Case Study 4: AKI (Room Wagner)

Case studies will be conducted in a group setting. Please see your group assignment sheet.

Program Monday May 5 2014

14:15 – 16:15  Case Studies: Part 1 - Screening and Assessment of Nutritional Status

14:15 – 14:45  Case Study 1: Non-dialyzed Stage 3-5 CKD (Room Neumann)

14:45 – 15:15  Case Study 2: HD (Room Auvera)

15:15 – 15:45  Case Study 3: PD (Room Bossi)

15:45 – 16:15  Case Study 4: AKI (Room Wagner)

Case studies will be conducted in a group setting. Please see your group assignment sheet.

Program Tuesday May 6 2014

08:00 – 10:50  Room Neumann
TNT Course - Day 2

Moderation:  Alp Ikizler, Nashville/USA

08:15 – 08:50  Lecture 7: Enteral Feeding for Dialyzed and Non-dialyzed CKD patients
Denis Fouque, Lyon/F

08:50 – 09:25  Lecture 8: Other Nutrition Interventions in CKD Patients
Kamyar Kalantar-Zadeh, Irvine/USA

09:25 – 10:00  Lecture 9: Hospitalized Patients: AKI and CKD
Alp Ikizler, Nashville/USA

10:15 – 10:50  Lecture 10: Insulin Resistance, Diabetes and Obesity in Kidney Disease
Daniel Teta, Lausanne/CH

11:00 – 12:00  Room Neumann
Workshop 2: Developing and Implementing Nutrition Care Plans

Moderation:  N. N.

12:00 – 13:00  Break

Program Tuesday May 6 2014

Case Studies: Part 2 Developing and Implementing Nutrition Care Plans

13:00 – 13:30  Case Study 1: Non-dialyzed Stage 3-5 CKD (room Neumann)

13:30 – 14:00  Case Study 2: HD (Seminar room A)

14:00 – 14:30  Case Study 3: PD (Seminar room B)

14:30 – 15:00  Case Study 4: AKI (room Petrini - Maritim Hotel)

Case studies will be conducted in a group setting. Please see your group assignment sheet.

15:00 – 15:15  Break

15:15 – 16:00  Room Neumann
Course Summary

Moderation:  N. N.

15:15 – 15:30  Course Summary and Closing Remarks
Alp Ikizler, Nashville/USA

15:30 – 16:00  TNT Renal Post-Test
Alp Ikizler, Nashville/USA

16:00 – 17:00  Room Neumann
Closing Ceremony

Moderation:  N. N.

Certificates, Photos, Reception
Program Tuesday May 6 2014

09:00 – 17:00 Room Auvera/ Bossi/ Wagner
International Dietitian-Physician Session

Moderation: Tilakavati Karupaiah, Kuala Lumpur/MAL; Marianne Vennegoor, London/UK
Clinical Renal Nutrition, translating research to practice

09:00 – 09:10 Opening and Welcome
Karen Manley, Melbourne/AUS

09:10 – 09:30 Protein in CKD what is too much, not enough or does origin matter?
Denis Fouque, Lyon/F

09:40 – 10:00 Nutrition in critically ill patients with acute kidney injury (AKI):
The European Guidelines
Enrico Fiaccadori, Parma/I

10:10 – 10:30 Nutrition Status at commencement of RRT and outcomes
Bruce Cooper, St Leonards/AUS

10:40 – 11:00 Coffee Break

11:00 – 11:20 Uremic symptoms - any solutions?
Karen Manley, Melbourne/AUS

11:30 – 11:50 Role of nutrition education in improving the adherence to a diet restricted in protein
Carla Avesani, Rio de Janeiro/BR

12:00 – 12:00 Lunch break

13:00 – 13:20 Is patient knowledge of and attitudes to the medical complications of renal disease and its
dietary management related to dietary compliance in haemodialysis patients?
E. Leigh Gibson, London/UK; Ines Held, Wrexham/UK; Dina Khawnekar, London/UK;
Peter A. Rutherford, Zurich/CH

Peter Stenvinkel, Stockholm/S

14:00 – 14:30 Controversy:
How to manage the old renal patients with diet and conservative
treatment avoiding dialysis
Alejandro Trevino Becerra, Mexico City/MEX
Nutritional Care for the Conservatively Managed CKD patients - Dietitians’ Perspectives
Maria Chan, Kogarah/AUS

15:00 – 15:20 The EQUAL Cohort study: when to start dialysis in the elderly?
Kitty Jager, Amsterdam/NL

15:30 – 16:00 Adjourn

Program Tuesday May 6 2014

09:00 – 16:00 Room Tiopolo
German Dietitians-Physician Session

Moderation: Roman Fiedler, Halle (Saale); Tobias Marsen, Köln

09:00 – 09:10 Begrüßung

09:10 – 09:35 Stoffwechselprozesse bei Gesunden und bei Nierenkranken
Jörg Ferber, Leverkusen

09:40 – 10:05 Ursachen und Folgen einer Mangelernährung
Tobias Marsen, Köln

10:10 – 10:35 Wie wird eine Mangelernährung bei Dialysepatienten erfasst? - Methoden zu Screening und
Assessment des Ernährungsstatus
Angela Jordan, Grebenstein

10:40 – 11:00 Kaffeepause

11:00 – 11:25 Enterale Ernährung
Martin K. Kuhlmann, Berlin

11:30 – 11:55 IDPE und parenterale Ernährung
Roman Fiedler, Halle (Saale)

12:00 – 13:00 Mittagspause

13:00 – 13:25 Ernährungstherapie in der praktischen Anwendung
Doerthe Weber, Dillenburg

13:30 – 13:50 Spezielle Aspekte der Ernährung: Natrium
Helmut Mann, Aachen

13:55 – 14:15 Spezielle Aspekte der Ernährung: Phosphat
Christine Langer, Aachen

14:20 – 14:40 Kaffeepause

14:40 – 15:05 Ernährungsmanagement bei chronischer Niereninsuffizienz (CKD2-5) und
Nierentransplantierten
Irmgard Landthaler, München

Christiane Drechsler, Würzburg

15:30 - 15:55 Ethische Aspekte der Ernährungstherapie
Sonja Rothärmel, Augsburg
**Program Tuesday May 6 2014**

18:00 – 21:00  Hall Franconia  
Opening ceremony and reception

**Moderation:** Christoph Wanner, Würzburg; Christiane Drechsler, Würzburg

18:00 – 18:30  37 years later: ISRNM is back to Würzburg  
*August Heidland, Würzburg*

18:30 – 19:00  Biomimicry - a Rediscovered Scientific Field that Could Provide Hope to Patients with Kidney Disease  
*Peter Stenvinkel, Stockholm/S*

**Program Wednesday May 7 2014**

08:00 – 09:00  Hall Franconia  
Plenary Session 1  
Intestinal microbiome and its relation to kidney diseases

**Moderation:** August Heidland, Würzburg; Gianfranco Guarnieri, Trieste/I

08:00 – 08:10  Co-Chair introduction

08:10 – 08:30  Intestinal Epithelial Barrier disruption in uremia: the nature, mechanisms, consequences and potential treatments  
*Nick Vaziri, Irvine/USA*

08:35 – 08:55  Intestinal microbiota metabolism of L-carnitine and its relation to atherosclerosis  
*Robert Koeth, Cleveland/USA*

09:00 – 09:20  TMAO and outcomes in dialysis patients  
*George A. Kaysen, Davis/USA*

09:30 – 10:30  Hall Franconia  
Poster Session 1

**Moderation:** N. N.

10:30 – 11:30  Hall Franconia  
Free Communication 1

**Moderation:** Stefan Pilz, Graz/A; Nick Vaziri, Irvine/USA

10:30 – 10:45  Minilecture: Intradialytic parenteral nutrition – can it be evaluated by national registries?  
*Christoph C. Haufe, Erfurt/D; Doreen Brodmann, Visp/CH*

10:30 – 11:30  Hall Barbarossa (Maritim Hotel)  
Free Communication 2

**Moderation:** Annika Wernerson, Stockholm/S, Tilman Druecke, Amiens/F
Program Wednesday May 7 2014

11:40 – 12:50 Hall Franconia
Scientific Session 1

Obesity and CKD
Moderation: Csaba P. Kovessy, Memphis/USA
11:40 – 12:00 Obesity Paradox in CKD, ESRD and Kidney Transplantation
Kamyar Kalantar-Zadeh, Irvine/USA
12:00 – 12:30 Abdominal adiposity and CKD
Renée de Mutsert, Leiden/NL
12:30 – 12:50 The impact of the myostatin pathway on muscle mass in CKD
William E. Mitch, Houston/USA

11:40 – 13:10 Hall Barbarossa (Maritim Hotel)
Scientific Session - Clinical Nutrition Session 1

Appetite and Taste in renal Failure
Moderation: Denise Mafrà, Rio de Janeiro/BR
11:40 – 12:00 Appetite and outcomes in the renal population
Jerri-lynn Burrowes, New York/USA
12:10 – 12:30 Taste changes in renal failure
Karen Manley, Melbourne/AUS
12:40 – 13:00 Nutrition at commencement of dialysis and outcomes
Christiane Drechsler, Würzburg

13:15 – 14:15 Hall Franconia
Lunch Satellite Symposium - Fresenius Kabi
Evolving role of ketoanalogues in the management of CKD
Moderation: William E. Mitch, Houston/USA
13:15 – 13:40 Is there a risk of wasting during a LPD ?
Denis Fouque, Pierre Benite/F
13:45 – 14:10 A simplified approach to a keto acid supplemented low protein diet
Giorgina Piccoli, Turin/I
Program Wednesday May 7 2014

14:30 – 16:00 Hall Franconia
Scientific Session 3

Uric acid: what do we know?

Moderation: Eberhard Ritz, Heidelberg; Allon Friedman, Indianapolis/USA

14:30 – 14:50 Genetic epidemiology of hyperuricemia
Gerjan J. Navis, Groningen/NL

14:55 – 15:15 Update in uric acid handling
Olivier Bonny, Lausanne/CH

15:20 – 15:40 The role of uric acid in the progression of CKD
Mehmet Kanbay, Istanbul/TR

15:45 – 16:00 Minilecture: Fructose metabolism in chronic kidney disease
Björn Anderstam, Stockholm/S

14:30 – 16:00 Hall Barbarossa (Maritim Hotel)
Scientific Session 4

Inflammation and nutrition in the elderly (Frailty)

Moderation: Bruce Cooper, St Leonards/AUS; Harold Franch, Atlanta/USA

14:30 – 14:45 Minilecture: Nutritional stimulation of the Nrf2-KEAP pathway - is that possible?
Denise Mafra, Rio de Janeiro/BR

14:50 – 15:10 CKD, frailty and unsuccessful aging
Navdeep Tangri, Manitoba/CDN

15:15 – 15:35 Accelerated or out of control: the final months on dialysis
Peter Kotanko, New York/USA

15:40 – 16:00 Nephrotoxicity of dietary supplements and alternative medicine: not just an urban legend
Steven Gabardi, Boston/USA

Program Wednesday May 7 2014

16:10 – 17:30 Hall Franconia
Scientific Session

Hydration and Kidney Disease

16:10 – 17:30 Hall Barbarossa (Maritim Hotel)
Scientific Session - Pediatric Nutrition

Nutritional aspects in pediatric chronic kidney disease

Moderation: Kitty Jager, Amsterdam/NL; Martin Konrad, Münster

16:10 – 16:30 What I tell families about renal diets for children with CKD
Pearl Pugh, Nottingham/UK

16:35 – 16:55 Renal calcification in children: origin and outcome
Martin Konrad, Münster

17:00 – 17:20 Nutrition and growth in paediatric RRT
Marjolein Bonthuis, Amsterdam/NL
Program Thursday May 8 2014

08:00 – 09:20  Hall Franconia
Plenary Session 2

Challenges in the treatment of protein-energy wasting

Moderation:  Shaul Massry, Los Angeles/USA

08:00 – 08:20  The consensus statement by ISRN for Prevention and treatment of PEW CKD: An overview
Alp Ikizler, Nashville/USA

08:30 – 08:50  Is it important to give food during dialysis?
Pieter ter Wee, Amsterdam/NL

09:00 – 09:20  Optimal treatment of protein energy wasting in peritoneal dialysis patients
Olof Heimburger, Stockholm/S

09:30 – 10:30  Hall Franconia
Poster Session 2

Moderation:  N. N.

10:30 – 11:30  Hall Franconia
Free Communication 3

Moderation:  Kirsten Johansen, San Francisco/USA; Joachim Isx, San Diego/USA

10:30 – 10:45  Minilecture: PTH-specific deletion of the klotho-gene unravels a novel calcineurin-dependent FGF23 signalling pathway that mediates suppression of PTH
Tobias Larsson, Stockholm/S

10:30 – 11:30  Hall Barbarossa (Maritim Hotel)
Free Communication 4

Moderation:  Daniel Teta, Lausanne/CH; Kunitoshi Iseki, Okinawa/J

10:30 – 10:45  Minilecture: P-cresylsulphate: a new clue to adipocyte dysfunction in CKD
Laetitia Koppe, Montreal/CDN

11:40 – 13:00  Hall Franconia
Scientific Session 5

Nutritional Vitamins in CKD

Moderation:  Joel D. Kopple, Torrance/USA

11:40 – 12:00  Vitamin K and vascular calcification
Leon J. Schurgers, Maastricht/NL

12:05 – 12:20  Minilecture: Alternatives to anticoagulation with warfarin in CKD patients
Holger Reinecke, Münster

12:25 – 12:40  Vitamins A and E in CKD
Andrea Henze, Potsdam-Rehbrücke

12:45 – 13:00  The role of nutritional Vitamin D in CKD
Stefan Pilz, Graz/A

11:40 – 12:50  Hall Barbarossa (Maritim Hotel)
Scientific Session 6
(Session support by genzyme)

Diagnosis and treatment of rare diseases

Moderation:  David G. Warnock, Birmingham/USA

11:40 – 11:55  Diagnosis of rare and inherited kidney diseases
Christoph Wanner, Würzburg

12:00 – 12:15  Adequate nutrition: an adjunctive therapy for Fabry disease
Karen Manley, Melbourne/AUS

12:20 – 12:40  Enzyme replacement therapy for Fabry Disease
Ana Jovanovic, Manchester/UK

12:45 – 13:00  Minilecture: Mesoamerican Nephropathy: have we identified the cause?
Annika Wernerson, Stockholm/S
Program Thursday May 8 2014

13:00 – 14:30 Hall Franconia
Lunch Satellite Symposium - Abbott Nutrition

Should CKD patients have PEW preventive oral nutrition support?

Moderation: Harold Franch, Atlanta/USA

13:10 – 13:15 Welcome/Symposium overview - Dialysis patient story video #1

13:15 – 13:30 Yes, CKD patients should have PEW preventive ONS intervention
Allon Friedman, Indianapolis/USA

13:35 – 13:50 No, CKD patients should not have PEW preventive ONS intervention
Alp Ikizler, Nashville/USA

14:00 – 14:15 Nutrient profile of renal-specific ONS and tube-feed formulae
Owen Kelly, Columbus/USA

14:20 – 14:30 Closing - Dialysis patient story video #2

13:00 – 14:30 Hall Barbarossa (Maritim Hotel)
Lunch Satellite Symposium - Berlin Chemie

14:30 – 16:00 Hall Franconia
Scientific Session 8
Physician feed thyself: Nutrition for doctors and other "normal" people

Moderation: Ines Held, Wrexham/GB; Peter A. Rutherford, Wrexham/UK

14:30 – 14:50 "A brazil nut a day keeps the doctor away" - selenium and health
Lutz Schomburg, Berlin

14:55 – 15:15 "Breakfast like a king" Dietary and lifestyle determinants of cardio-metabolic risk
Bruce Griffin, Guildford/UK

15:20 – 15:40 Midnight feast - is it to die for? Diurnal variation in postprandial metabolism and food choice
Michelle Gibbs, Guildford/UK

15:40 – 16:00 Vitamin D update for people with working 1 alpha hydroxylase
Stefan Pilz, Graz/A

16:10 – 17:30 Hall Franconia
Scientific Session 2
(Session support by Amgen GmbH)

CKD-MBD and vascular calcification

Moderation: Markus Ketteler, Coburg

16:00 – 16:20 Cardiovascular Calcification: The epidemiologist's point of view
Joachim Ix, San Diego/USA

16:25 – 16:45 Current and next generation calcimimetic treatment
Geoffrey Block, Denver/USA

16:50 – 17:10 The European Calciphylaxis Registry
Vincent Brandenburg, Aachen
Sarcopenia and Physical activity

16:10 – 16:30 Associations between body composition and physical activity and function
Kirsten Johansen, San Francisco/USA

16:10 – 17:00 Increasing physical activity in patients with CKD: what are the next steps?
Daniel Teta, Lausanne/CH

17:00 – 17:20 Low muscle strength, rather than muscle mass, associates with mortality in dialysis patients; revisiting the concept of sarcopenia
Abdul R. Qureshi, Stockholm/S

16:10 – 17:20 Room Neumann

Potential hazardous dietary practice to renal patients

Moderation: Carla Avesani, Rio de Janeiro/BR; Maria Chan, Kogarah/AUS

16:10 – 16:30 Vegetarianism in renal disease
Philippe Chauveau, Gradignan/F

16:35 – 16:55 Diet-induced Metabolic Acidosis: a cause of progression and CKD?
Caroline Passey, Portsmouth/UK

17:00 – 17:20 Metabolomics in renal practice
Zulfiti Azuan Mat Daud, Putra/MAL
Program Friday May 9 2014

10:00 – 11:20 Hall Barbarossa (Maritim Hotel)
Free Communication 6

Moderation: Anna Witsap, Stockholm/S; Gerjan J. Navis, Groningen/NL

11:30 – 12:30 Hall Franconia
Scientific Session 10
(Session support by Fresenius Kabi Deutschland GmbH)
Ketoanalogues for pre-dialysis and dialysis patients

Moderation: Denis Fouque, Lyon/F

11:30 – 11:55 Protein restriction for pre-dialysis CKD patients: safety and effectiveness for renoprotection and nutrition
   Joel D. Kopple, Torrance/USA

12:00 – 12:25 Ketosteril in dialysis patients: experiences from China
   Jing Chen, Shanghai/CN

11:30 – 12:30 Hall Barbarossa (Maritim Hotel)
Scientific Session 11
Psychological influences on food choice and intake: implications for dietary compliance in renal patients. Psychology of eating: Interaction between stress and food choices

Moderation: Ines Held, Wrexham/GB; E. Leigh Gibson, Roehampton/GB

11:30 – 11:45 Emotional eating: mediating the impact of stress on food choice
   Michael Macht, Würzburg

11:50 – 12:05 Psychological contributions to managing diets in chronically ill patients
   Claus Vögele, Walferdange/L

12:10 – 12:25 Stress, personality traits, and attitudes to health as predictors of dietary compliance in haemodialysis patients
   E. Leigh Gibson, London/UK; Ines Held, Wrexham/UK; Dina Khawnekar, London/UK; Peter A. Rutherford, Zurich/CH

13:00 – 14:20 Hall Franconia
Lunch Satellite Symposium
(Session support by Keryx Biopharmaceuticals, Inc.)

Phosphate binding and Iron supplementation

Moderation: N. N.

13:00 – 13:15 Minilecture: Phosphate in beverages
   Elisabeth Lindley, Leeds/GB

13:20 – 13:40 Phosphorus in CKD: To treat or not to treat, and how?
   Markus Ketteler, Coburg

13:45 – 14:05 Phosphate binding and iron supplementation: two faces of a coin
   N. N.,

14:10 – 14:30 Intravenous iron may be hazardous
   Nick Vaziri, Irvine/USA

14:30 – 16:00 Hall Franconia
Scientific Session 12
Lipids in renal disease

Moderation: George A. Kaysen, Davis/USA

14:30 – 14:50 High-density lipoprotein - the myth of the "good cholesterol"
   Thimoteus Speer, Homburg/Saar

14:55 – 15:10 Relationships between HDL and LDL cholesterol and cardiovascular and infections outcomes in dialysis patients.
   George A. Kaysen, Davis/USA

15:15 – 15:35 Dietary fat and chronic kidney disease: what do we know?
   Juan-Jesus Carrero-Roig, Stockholm/S

15:40 – 15:55 Renal lipotoxicity: a kidney disease progression factor?
   Fitsum Guebre-Egziabher, Lyon/F
Program Friday May 9 2014

Scientific Session 13

Salt, a key nutritional element

Moderation: Eberhard Ritz, Heidelberg

14:30 – 14:50 Salt as an addictive compound: central mechanisms of salt addiction
Yunus Erdem, Ankara/TR

14:55 – 15:15 Low sodium diet in CKD patients: it’s time for action!
Luca De Nicola, Naples/It

15:20 – 15:40 Sodium storage in ESRD patients
Friedrich C. Luft, Berlin

15:40 – 15:55 What is an adequate hydration in CKD
Jan C. Galle, Lüdenscheid

16:00 – 17:00 Hall Franconia
Closing Ceremony and Poster prize awards

Moderation: Christoph Wanner, Würzburg; Kamyar Kalantar-Zadeh, Irvine/USA

16:00 – 16:30 CKD in Japan: an invitation to the island of centenarians (ICRNM 2016)
Kunitoshi Iseki, Okinawa/J

16:30 – 16:40 ICRNM 2013 Award for the best poster, general programme
ICRNM 2013 Award for the best poster, dietitian’s programme
ICRNM 2013 Award for the best poster, young investigators

16:40 – 16:50 What did we achieve?
Christoph Wanner, Würzburg

17:00 – 17:10 Closing remarks
Kamyar Kalantar-Zadeh, Irvine/USA

Social program

Opening ceremony and reception

Congress Centrum Würzburg
May 6, 2014, 6.00 pm

Free admission

Boat tours to the Rococo Gardens in Veitshöchheim (Half-Day Trip)

Float downstream from the boat dock Alter Kranen in Würzburg, past vineyards and the monastery Oberzell to Veitshöchheim.
The picturesque old town of Veitshöchheim is the location of the former summer residence of the Würzburg prince bishops. Take a leisurely stroll through the most beautiful rococo garden in all of Europe. Also enchanting is the newly renovated castle.

Date: May 7, 2014, 10.00 am
Price per person: 20.00 € incl. Guide and boat trip
Meeting point: Congress Center Würzburg
Duration: 5 hours

Guided Strolls through the Old Town

A stroll through the Old Town of Würzburg explores a number of great places. The program includes the Marienkapelle and its sandstone sculptures by Tilman Riemenschneider, the Falkenhaus and its elaborate rococo facade, the historical town hall and the Kiliansdom. The program concludes with a view from the Alte Mainbrücke (Old Main River Bridge) of the Fortress Marienberg, the pilgrimage church Käppele, and the surrounding vineyards.

Date: May 7, 2014, 10.00 am
Price per person: 5.00 € incl. Guide
Meeting point: Congress Center Würzburg
Duration: 2 hours

Congress Dinner - wine tasting -

Residence Palace wine cellar

Deep inside the Würzburg Residenz, the rambling and labyrinthine underground cellar aisles of the Fuerstbischoflichener Hofkeller (Prince-Bishop's Court Cellar) are to be found. In 1719, Prince-Bishop Johann Philipp Franz von Schönborn commissioned the architect Balthasar Neumann to build a new residence in Würzburg with the explicit instruction to include an “excellent wine cellar”. The residence is one of the most important baroque palaces north of the Alps - with spacious court gardens, light and rich Neumann architecture and stunning frescoes by the Venetian artist Giovanni Battista Tiepolo. Aware of this great heritage, the Staatliche Hofkeller Würzburg (state owned court cellar of Würzburg) continues the institution of the Prince-Bishop’s Court Cellar not as a museum, but as a living memorial with all the functions of a modern wine cellar.
Social program

Those who wander through the softly lit corridors and vaulted ceilings of the wine cellar today are confronted with one of the finest wine cellars in the world. The overwhelming impression of the wooden casks immediately captivates visitors not only in the „Stückfass” cellar, which houses wooden casks with a capacity of 120 litres each. Every year festive wine tasting and cultural events attract thousands of wine lovers from all over the world to this unique vault. In the annals of the court cellar, huge casks, the so-called „Beamtenweinfässer”, play a very special role. More than 200 years ago, these giant casks held nothing less than the liquid salaries of the court servants. The tale of the Swedish barrel takes visitors back to the dark years of the Thirty Years’ War and recaps the story of the legendary millennium wine of the year 1540. A particular gem, the treasure chamber, is located in the Bacchus cellar. In the „wine library” of the court cellar, valuable wines that were cherished to maturity bear visible and tangible testimony to past vintages. The red wines are matured in the southern wing of the residence under the court chapel. Wine is one of life’s great pleasures - why not experience the unique atmosphere of this cultural monument during a tour of the wine cellar or an exclusive wine tasting in the festively illuminated vaulted cellar.

Date: May 7, 2014, 7.00 pm
Price per person: 30.00 €

The Main River Loop at Volkach (Half-Day Trip)

The trip first goes to the Vogelsburg overlook where you can enjoy wonderful views of the vineyards around the Main River Loop. Then, after a walking tour of the town of Volkach, you will visit the pilgrimage church „Maria im Weingarten” and its famous Madonna sculpture by Riemenschneider. Upon request, you can then learn a lot about the Franconian wine over a glass of it at one of the innovative „vinotheques”.

Date: May 8, 2014, 10.00 am
Price per person: 21.00 € incl. Guide and bus transfer
Meeting point: Congress Center Würzburg
Duration: 5 hours

Old Town and UNESCO World Heritage Site Residence Palace

The highlight of the tour through the Würzburg Old Town is a visit to the former residence of the prince bishops of Würzburg. Balthasar Neumann built the Residence Palace at the beginning of the 18th century. It was officially declared a UNESCO World Heritage Site in 1981. Most impressive are the magnificent grand staircase with the breathtaking frescos by the Venetian artist Tiepolo and the mirror cabinet.

Date: May 8, 2014, 10.00 am
Price per person: 12.00 € incl. Guide and admission to the Museum
Meeting point: Congress Center Würzburg
Duration: 3 hours

Social program

Gala Dinner
Juliusspital garden pavilion

The history of the Stiftung Juliusspital spans 430 years. The Prince-Bishop Julius Echter von Mespelbrunn founded the hospital in 1576, as he was aware of the fact that many poor and sick people in the country were without help. However, this idea from hundreds of years ago is still valid now. Today the foundation manages a large hospital, a home for the elderly, a nursery school, farms, forests and the renowned vineyards. The „Fürstenbau” is a palatial building designed by the architect Antonio Petrini and built in the baroque style. The historical cellar vaults, garden pavilion and the fountain statues of Jacob van der Auvera make the Juliusspital a unique monument to art and culture in the centre of the city of Würzburg, at the heart of the famous Franconian wine region. The garden pavilion, once the „Theatrum Anatomicum” of the University of Würzburg, is an architectural jewel in the park of the Juliusspital (Julius Hospital), built in 1705. The garden pavilion is an example of the Juliusspital's unique ambience. It is located in the centre of the park of the Siftung Juliusspital (Julius hospital foundation) opposite the Zehntscheune (tithe barn) and function rooms. A number of famous doctors worked here, for example Virchow, Koelliker and Siebold. Wilhelm Conrad Roentgen detected the X-rays opposite of the pavilion but had his famous discussion rounds within the building. Many details of its beautiful facade, the stonemasonry and the stuccoed ceiling in the hall add to the pavilion’s architectural charm.

Date: May 8, 2014, 7.00 pm
Price per person: 80.00 €

Guided Tours Fortress Marienberg (Festung Marienberg) and Mainfränkisches Museum

The walking tour around the Fortress Marienberg takes you to the Marienkirche (approx. 704 AD), the temple above the deep well (104m) as well as the Fürstengarten (open April-Oct). that offers fantastic views of the city and the Main River Valley. The tour concludes with a visit to the Mainfränkische Museum, home to a world-renowned collection of works by Tilman Riemenschneider. Also on display are outdoor sculptures from the Veitshöchheim Rococo Gardens, as well as witnesses of Franconian folk art and wine culture.

Date: May 9, 2014, 10.00 am
Price per person: 17.00 € incl. Guide, admission to the Museum and bus transfer
Meeting point: Congress Center Würzburg
Duration: 2 hours
